

Occupations currently eligible for nomination in the Far South Coast, NSW Region

Applications open from 12:01am 1st August, 2019

Updated 30.07.2019

This skills list is subject to change without notice.

PLEASE NOTE: All occupations for this region require a minimum score of seven (7) in each IELTS category (or equivalent) unless otherwise stated.

Regional Development Australia - Far South Coast (RDA FSC) as the Regional Certifying Body, welcomes applications for Skilled Regional Sponsored (provisional) Visas, subclass 489, from qualified applicants in the professions listed below. RDA FSC assesses each application on an individual basis with reference to the region's employment needs. In recognition of ongoing high demand and to ensure places allocated under the program are aligned to the Far South Coast's skills needs, RDA FSC has a selection-based nomination process for the 489 program. Under this process, RDA FSC selects and nominates only the most suitable applicants to fill the skills needs of the region.

In no way is a nomination a guarantee of employment upon arrival in Australia. Applicants are responsible for their own employment search and settlement within the region.

Please note: Applicants who apply for the Skilled Regional Sponsored (489) Visa are expected to live and work in the Far South Coast region of NSW. This includes the Local Government Areas (LGAs); Shoalhaven, Eurobodalla and Bega Valley. This does not include Illawarra (Wollongong, Shellharbour, Kiama).

All Applicants **MUST** have the relevant certified skills assessment, taken no more than two years prior to the 489 Visa application assessment date, and should ensure they have the appropriate professional registration/accreditations required to work in NSW and Australia.

If work experience is required for your nominated occupation/ANZSCO Code by RDA FSC as part of its additional requirements, the work experience must be recent (I.E. no more than two years old). Your Skills Assessment and Resume/CV **MUST BOTH clearly identify this. If employment is required, satisfactory evidence will need to be provided.**

Applicants should note that nomination by RDA FSC and the NSW Department of Industry does not guarantee that a visa will be granted by the Department of Home Affairs (DoHA).

It must be noted that the subclass 489 Visa nomination program is a competitive application process. Applications must be of the highest quality in order to receive a successful nomination.

Any anomaly found within an application will result in an immediate unsuccessful outcome. RDA FSC takes its role as a RCB seriously, and notes that all information and evidence must correlate/match in order to be considered for positive nomination. Migration is a serious matter and requires the utmost of care by both applicants and assessors.

If you do not meet the additional requirements noted below but believe that you can provide a strong evidence-based case as to how you would add value to the region and why you should be considered, please contact the RCB Office via email at rcb@rdafsc.com.au outlining the reasons you believe you should be given special consideration and providing appropriate evidence attached to the email in PDF form. Please note, you would be expected to be able to provide strong reasons for consideration, such as (but not limited to) family ties to the region, suitable job offers, etc. These reasons do not guarantee you would be eligible to apply however you are most welcome to seek advice. Please DO NOT telephone the office regarding the possibility of special consideration.
